

FIRE MINISTRIES INTERNATIONAL

AUGUST 2017

Carrying the Ark Together

The Lord is moving and flowing forth in many ways at this time. Right now there is so much going on it requires the Holy Spirit to daily direct my heart to the areas where He is wanting me to focus my attention. There is a point in His ministry where you realize you cannot bear the weight alone, and that it requires many others who have hearts to lift up Christ Crucified to carry the ark with you. I have been at that place for many years now, humbled and grateful for those who stand together to bring forth Jesus in this generation. This precious priesthood of the heart is not only found on the mission field, but in every single detail involved in bringing forth the Son together. Fire Ministries has a passion to pour forth Jesus in so many different and varied areas, from ministry to children, international conferences, bible classes, music ministry, literature and audio/video production, retreats, evangelism, websites, etc. All of these areas require laborers of like heart and mind to carry the ark of the Heart and Life of Jesus together. Please pray for those who are a part of sharing the Life of Jesus through this ministry. Pray that we will continue to allow the Cross to work deep within us so that the Life going forth is not us but Christ. Pray for the Lord's nature and wisdom to fill and guide us as we continue. We would also ask that in your prayers you would remember "Life In The Spirit Ministries", that the Lord would bless and provide for all their needs as they carry forth the Life and Message of Christ Crucified.

On Fire With God's Desire

From the early beginnings of Fire Ministries our motto has been, "On Fire With God's Desire". Our first and most important ministry is to God Himself. We are on fire to meet the deep needs of God's heart, to care for that which He desires, and to cover Him and bring Him rest. As we remain on Fire with ministering to Him and the desires of His heart, the rest of the ministry will follow. If we lose that core passion and purpose and simply fall into the rut of ministry programs and duties, we have left the very roots upon which this ministry sprung forth and grew. May we ever endeavor to keep ablaze our fire of first love for Jesus.

We are continuing our online Bible Club entitled: "The Book of Revelation for Kids!". The Apostle John on the Isle of Patmos takes us on the adventure of a lifetime in knowing Jesus! We have Bible time with Bethany (a little puppy!), Heart-man sings, and boy and girl puppet share their hearts with us! As all the shadows implode in emptiness and idols fall in shame, a tiny slaughtered lamb remains... staring at me with eyes that slay the beast within by his broken-hearted gaze.

"As it is in heaven" appears in earth as none of my religious idols could show... in the smallest selfless deed... in the hidden intent, the fulfillment of it all unfolds. Gentleness, love, meek and low always putting others first. An open heart to go another mile... forgiveness with no grudge or guile...

Lord, forgive me as I turn from my idols unto the real You. Thank you for dying so the real Jesus can be formed in us.
