

QUANTUM PHYSICS

The big things in life
Are made of the little things.

Subatomic particles.
Subatomic attitudes.

Not just words and deeds
But spirit and life.

In nuance and essence
In nature and kind
In motive and intent
Is it Christ's life or mine?

It is not what we do,
But the spirit that it is done in.
We see the shell
God sees the substance.

God (Who is the biggest)
Makes Himself the smallest (*Phil. 2*).
The Lord of all is consumed with the
Little things of nature and spirit.

The exalted and enthroned King of the Universe
Is a little lamb as though slain.

*"How do we love? Not in big things,
but in small things with great love".*

Mother Teresa - 1984

FIRE MINISTRIES

NOVEMBER 2014

*in this moment
in this motive
in this breath...*

GOD BE GLORIFIED

*let the fire burn
let His sweet savor rise
let the Life of Christ through us
fill the earth and skies*

Message from Kelly

Greetings Family In Christ!

I pray you are all being kept and filled by the Heart of Jesus! He holds all things together IN Himself, and that makes Him more than just our Keeper, but the very Person in Whom we intimately exist through oneness. We truly are blessed beyond all comprehension!

This Thanksgiving season is a special time for my local fellowship here in Denton, Texas. We host an international conference every year over thanksgiving weekend. This conference is a blessed time of pouring out Jesus and serving others. This year I have been given more opportunities to serve through helping lead the conference in some new areas. Please pray for all the guests who will be attending, that the Lord minister His life to them in practical and personal ways that they can take home with them and apply in their daily lives!

In the midst of preparing for this conference here in Texas, I am also in the process of early preparations for next year's Ireland conference. The ONE THING in all these preparations that is important to me is that we plug into the heart of Jesus and allow all that is in Him to flow into and through us. Being filled with His burden, His desires, His nature and attitudes makes something that could be just a religious event or action become the very expression of His Person.

I am also teaching in the Bible School this semester a course entitled, "Introduction to the Major Prophets". All the classes are uploaded weekly to the Fire Ministries website and available for you to enjoy!

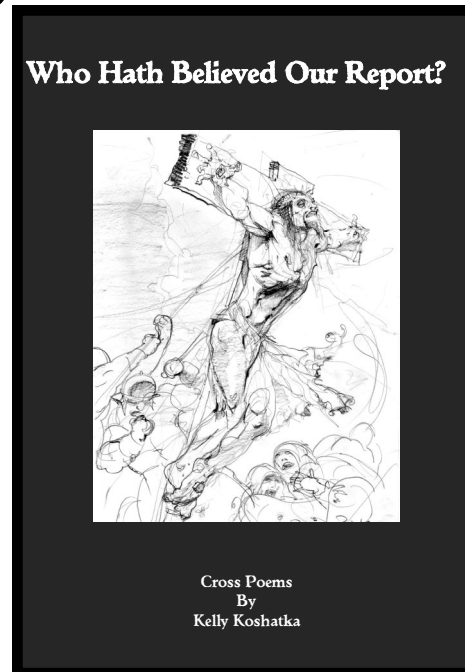

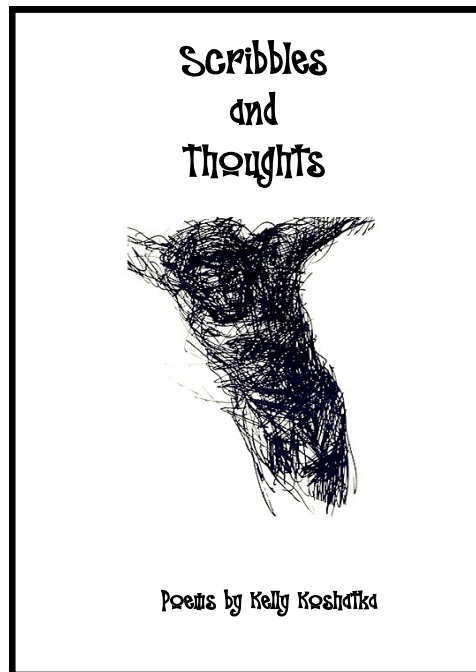

As always, my heart is continually filled with a deep appreciation for the care and support of those who continually uplift my arms and the needs of this ministry. THANK YOU!

I am sharing this following updates for those of you who have requested to be made aware of ministry needs. I have never been on health insurance, yet now Obamacare requires it. At this time in the Fire Ministries' budget there is not enough for monthly insurance. If the Lord lays it on anyone's heart to help with this need, please let me know!

Again, thank you, I love and appreciate each of you and will keep you in my prayers during this upcoming holiday season.

IN HIS LOVE, Kelly

New Poetry Books!

For some reason I have been in a season of writing poetry! It has been my way of jotting down my personal desire for a greater knowing and conformity to Christ Crucified. I am making these books available at our annual Hungering conference this month, and would like to also make them available to you! If you would like to order one or both of the poetry books, please let me know.

NEW ON THE WEB-SITE!

- Young Adults Retreat Video and Audio
- New Praise and Worship Songs for Worship Leaders
 - New Poems
- New Classes from "Intro To Major Prophets"
