

Bright and Morning Star

C G Am
I am the Bright and Morning Star,

the Spirit and the Bride say, "Come".
C G Am
I am the Bright and Morning Star,
F C G
the Spirit and the Bride say, "Come".
F C G
As a light that shines in a dark place,
F C G C
Until the Day dawn and the Day Star arise in your hearts
C G Am F C G
And in that day I will know that I am in you and you are in me.

Come Bright Morning Star, Come on Bright and Morning Star and
shine, shine your light in our hearts.

In that day, in that day we'll know, I'll never turn away, I'll know, that
I'm in him and he's in me, my new identity,

When I see that Day Star rising, hallelujah shining, bright as the noon
sun, overshadowing, no more shadows, they flee away, when I see you.

When the daystar dawns in my heart, fills this dark place with the light
of your face, your glorious face, your beautiful face, filling my heart
again.

Come, quickly, come.

The spirit and the Bride say Come Bright Morning Star
Come quickly.
