

I Love My Jesus

I love my Jesus, more than words.
With nail scarred hands, He reaches forth.
My heart, my heart... He girds.

My trembling steps, He makes secure.
My branch fills up with Life so pure.

"Finding The Heart Of Jesus"

This CD came from times of sweet communion seeking the heart of Jesus. The Holy Spirit gave each song to draw us all deeper into love and union with Christ, our very Life.

I believe each song is a gift given from the Lord to edify, comfort, and bless the Body of Christ. Please share, minister, and enjoy each one freely as the Lord so freely gave them to me!

My desire is that all who listen to this CD would hear the heart of Jesus and be overshadowed by His beauty. My greatest joy would be that as you listened you forgot about this vessel (me) and became focused on Jesus, to love and know Him more.

A Sweet I Love You

Oh I love You. Oh I love You. Oh I love You. I love You.
Oh I need You. Oh I need You.
Oh I need You, because I love You.

And as days go by... sweeter each one grows nigh.
Life is a lullabye... in Your arms, in Your eyes.

And on my dying day, In my bitter grave
Your light it will stay and take me home... and take me home.
And take me home And take me home.

The Hungering Song

Oh Lord, I'm hungering
Oh Lord, I'm thirsting for more of You.
Oh Lord, fill my cup.
I ask You to just fill me up with more of You.

And then,
Higher than the highest mountain,
Deeper than the deepest sea,
Greater than my heart could dream
Your love just keeps filling me.

And it goes..
Higher and higher and deeper and wider,
Greater and greater we're going to know You. (2x)

He's all we need, He's everything, He's all we need.
He fills my cup, He just fills me up, He's all I need.

Take The Time

When I'm dry and feeling down,
will not last another round,
but when You come all things, all things are changed.
You breath new life in what remains.

I must take the time to savor this.
To breath in Your air. This heavenly bliss.
Oh in Your embrace I am content.
Lift from this sphere, make my ascent... make my ascent.

One Thing Have I Desired

One thing have I desired of you Lord,
and it's You, it's You.

One thing have I
desired of you Lord, and it's You. It's You.

From a dry and thirsty land,
Lord hear this poor man.
To You I cry, I cry, I cry.

One thing have I desired of You Lord,
and it's You. It's You.

Great are You Lord

Great are You Lord.
So great are You Lord. (Repeat)

You're too wonderful, so intimate.
Lord, You're tenderness, how You fill my branch
as You live in me.

And we love You, we love You
Cause we are Yours.

Time With You

Your love churns in me, burns in me, turns me.
Your life softens me, heals me, fills me.

And I just never knew what time with You could do
for a tired heart like mine.

Your eyes pierce through me, undo me, reach me.
Your touch disarms me, melts me, keeps me.

And I just never knew what time with You could do
for a tired heart like mine.

Your heart quickens me, guides me.
Your Word washes me, cleans me, revives me.

And I just never knew what time with You could do
for a tired heart like mine.

We Tabernacle You

Let the incense cover You,
the communion fill You
the skin warm You
Your Blood flows here

And May You dwell in the Heart of Your Bride
May the Ark find rest here
And may we be the place of true sacrifice
May Your Nature reign here

Holy Spirit We Need You

Open our eyes, soften our hearts.
Holy Spirit we need You.
We want to see His Face,
We want to hear His voice,
We want to know His ways.

Help us. Show us Jesus.
We want to know Him more.
We need, we need to see Jesus.
We want to know Him more.

Holy Spirit, Come.
Holy Spirit reveal the Risen Son.

Oh Lord, I love You

Oh Lord, I love You
What more can I say?
You're lovely . . . You're altogether love
You take my breath away

Oh Lord, You're Precious
Pearl of great price
And if I gave You all
If I gave you my whole life
It would be a widow's mite.

Oh Lord, How You love me. ..
You break my heart in two.
Who could imagine...I never could have imagined
such a love as You?

I Say Come

1. Who will come away to dwell in me
Who will seek me for my heart
Like the morning she appears to me
Rising, her dawning fills my eyes

(Chorus)

And I say come, And I say come, And I say come away to me
And I say come, And I say come, And I say come away with me
(and you'll be free)
(and soar with me)

2. She will stay here far above the earth
Never clothed with Babylon
She will not become defiled with them
She has kept my garments on (Chorus)
(continued on next page)

Sanctuary

3. And you will dwell with me through all the years
Separate and from above
Turn your heart and then your eyes will see
What true marriage is made of (Chorus)

4. We will fly far above the earth
and live together in my place
Soaring one throughout eternity
She will only see my face

(Chorus) And I (we) run, and I will run, and I will run,
Your drawing me
And she cries come, and she cries come, and she cries come
and soar with me

When my heart is overwhelmed
Where can I go? Where can I go?
When my heart is overwhelmed.

Could I fly to the uttermost part of the sea?
Could I take my wings like the morning,
And separate from all this hate... and just fly... right on by
and leave a long, long path behind.

But oh the Lamb, He takes me in 2x
To what is far above my flight
A place more deep than these caves in the night
And a shelter stronger than the enemies might

He takes me in
He takes me in to sanctuary
