

OUR FIRST JOURNAL HOMEWORK:

We are to seek the God who will turn our worst nightmares into eternal glory by revealing His Lamb in us and His ways to us. We are to seek our Father who alone can show us who that Lamb is in us. We are to cry out with desire that the God of our Fathers would make known to us the king's matter in our lives (v. 23). Be specific. Put down certain burdens, situations, and fears that make your heart pound in the night in which you have no real "interpretation". Cry out for God to do something NEW in you and reveal the LAMB as your new WAY and LIFE! Be specific with what God shares with you. Journal God's interpretation of His Lamb in your matter/situation.

Today's HOMEWORK:

May we continue to seek God in relation to the specific areas we have been journaling, and our heart cry for the Lamb to be enthroned in those areas. As we continue to progress in the Book of Daniel chapter's three and four, let us journal in regards to "what image moves us deep inside" in regards to the specific areas we are holding before the Lord. May the Lord have freedom to reveal hidden idols and fleshly/bestial motivations that belong to Babylon and not the Lamb. May we journal prayers for God to reveal His Son in us in these places. May God's Image, a crucified Lamb, take the throne within.
