

Ireland Family Reunion Conference 2014

During the family reunion conference gathering we came together and fellowshiped in Christ Crucified. At times during the year we may feel like we are the only crazy people in the world who would rejoice in embracing the crucified life, the crucified Christ,... the way of the Cross; but there is a great company of witnesses in heaven and all over the world that love God for Who He is and not just what He does. And so we come together from around the world as the family of God to hold each other's hand in faith and say, "Yeah... the Jordan is cold... the way of the Cross isn't easy... to go against the flow of the world and even the church - world at times, but we are not alone in this". God has a family consisting of brothers and sisters from all over the world who press in and allow Christ to be Life. We are here, maybe just once a year or whenever we can gather in this way, to strengthen one another in this; not just the message but the family spirit of those who have joined in heart and nature with Christ Crucified.
