Fire News!

Dear Friends!

Thank you for your love, prayers and heart-felt support of our upcoming outreaches/retreats to Ireland.

As always, these outreaches are an 'US' thing, and I consider each of you a special part of the Lord's heart and body in regards to His work in Ireland. Whether you are physically going to Ireland on this retreat or not, we are His Body together in this!

It is always SUCH A JOY to be a part of a group of saints that are full of Jesus and ready to let His Life flow! God is preparing our hearts for this trip, and the Spirit is filling us to prepare creative ways of sharing His Life with others. As we get ready for doing evangelism in Ireland, people are creating original tracts that share the love of Jesus through poems, pictures and writings. It has been over three years since we have been able to travel to Ireland and our hearts are full of fresh oil and New Life to share Jesus with others. The young adults continue to seek the Lord's heart and mind in regards to their musical drama that shares the Lamb as our Life in times of trial. Your continued prayers for them are valuable to us and to the Lord's work in and through these young people. Our greatest prayer report and heart in the midst of all these spiritual and practical preparations is that in all things we would be a "sweet savor of Christ"... filled with His fragrance and nature through it all! And last but certainly not least is our praise report in regards to Emea O'Reilly who came to visit the beginning of this month. Having Emea here with us as we prepared for the Ireland outreach was a gift from God! Emea brought the living Jesus to us, and we all are deeply touched and thankful to God for the time we got with her. She sang and rehearsed the drama with us, while also bringing sweet fellowship in the Lord's heart and word. Please pray for Emea, a precious vessel of His Life, and all the Lord has for and through her in the years to come.

Together in the Power of His Endless Life, Kelly

A Message from the Irish

The Irish are blessed to have part of Jesus' body being with them this July. We pray for all our hearts to be knit so to keep Elohim warm and cared for. We pray Their desire from the beginning will be made real in our hearts and being, during this time in Ireland. May we be One as He is one. May time stop and our minds be stilled as He enters into our reality and as we enter His. May our hearts be open windows for Him to breathe and flow through to each other and permeate the atmosphere with HIM. Let us gather into Him as we meet on Irish soil. As the plane touches down softly may we each be His seed planted gently from His hand into the Irish land that His Life may germinate and flower. Yes Lord. Less of us and more of You. Let you Nature be like a garment that gathers us and sweeps us deeper into Your image, into The Beginning... into You. Amen.

DAVID PUT ON HIS EPHOD!

Every day and in so many ways life down here tries to tear us away from the Lord.

The cares of this life reach out their many arms and grab hold of our time, hearts, minds and occupy the inner chambers that belong to the King. The needs of this life press their demands and try to hold our hearts hostage until their requirements are met... which usually involves an allegiance to them above Jesus. Trials and tribulations, failures and defeats come to us with all with their anxiety and fear like chains ready to wrap around our hearts and hold us captive to their circumstances in the earth. Yet in the midst of such obstacles, and so many more... David put on his ephod, went into the Holy Place (a tent in his backyard where God dwelt) and (in so many words) cried out "Reign Lord Jesus, Reign!" (2 Sam. 6:14-15, 17; Psa. 27).

An ephod is the garment that the Priests of the Old Testament wore when they went into the Presence of the Lord to minister to Him (Exo. 28:4; 1 Sam. 2:18, 28).

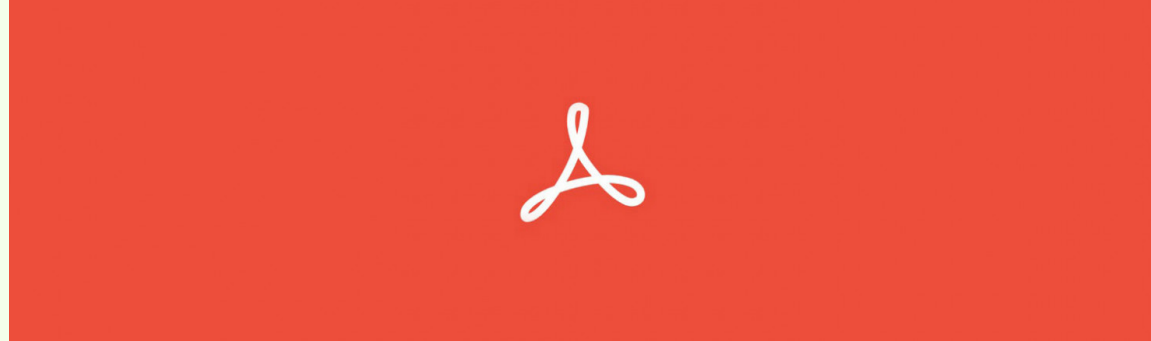

They clothed themselves in that which said to the Lord, "I am here to minister to You. Period." Let the Love begin! The ephod was what a priest put on as he prepared himself to separate from the people and the issues and simply immerse himself into God and minister to Him (Exo. 28:4).

Time and again you will find David in the midst of trial and despair and instead of clothing himself in panic and strife to fix his problems and calm his own soul, He put on the ephod and sought God instead of his own needs (1 Sam. 23:9, 30:6-8). Granted, there are also many times in the scriptures when David's soul was ungoverned and God brought him on a journey from being clothed with soul-strife to the Ephod life of Love for God (Psa. 62, 116). And so, there is hope for me... for all of us! It is a process of growing in our relationship with the Lord. It is a journey from me to Him. From the issues of the earth to the issues of His heart. We can weep before our situations, or we can dance in the midst of them before our King ... knowing that He is in control, He is Lord and He is the Lamb Who is our Life.

All things work together for the good of being conformed to His image ... But only to those who "put on their ephod" and love Him (Rom. 8:28-29).

God has given us garments of praise instead of a spirit of heaviness (Isa. 61:3). God did that when He GAVE US HIMSELF! God is in us... we shall not be moved by the ever-changing earth, but rather moved by that river of Life in us that makes glad the city of God (Psa. 46:4-5).
