

Homework:

In the specific area that the Lord has you journaling, make an entry concerning the kind of kingdom that specific area is. What kind of communion occurs in that area? Has the Spirit opened to you the true image of the Son in regards to that area? Is the “writing on the wall” in regards to the reality that this area is not yet conformed to Christ as Life and Nature? What things display a strong message that we yet need Jesus in this area? What does the Holy Spirit have to say in regards to this area and the things of God’s nature and heart in you?
