## Fire Ministries International

"On Fire With God's Desire!"

Dear Family in Christ,

Thank you for being such a living and vital part of the Lord's heart. I know that Jesus lives through you and in this lifetime we will never fully know just how much His life through us blesses others. I want to express how much your prayers, care, and financial gifts mean to me and the ongoing outreach of this ministry to so many hearts world-wide. I am in the midst of a season of deep pouring out while also in a time of therapy for my health. Your prayers, care, and love-gifts are truly needed right now and deeply appreciated. Although the heavy schedule of pouring out I am in right now is truly a challenge, I continue to stand by my belief in "weakness with purpose"!

We just finished our first Bible - Arts - Drama Camp in the United States! Although we have been doing children's outreach for almost 20 years overseas, this was our first VBS in the USA! It was an explosion of JESUS in such a living way. The team of leaders and helpers that God brought together were full of the Lord and truly wonderful. The children who attended had HUNGRY hearts and God planted precious seeds in each of their hearts! All of the material for this Bible Club was freshly given by the Lord. It includes several skits, crafts, music, a video series and lesson plans to help bring young hearts to know Jesus the Lamb as their life. The teenagers that are going to Ireland this month helped lead this event and poured out Jesus the whole time. We will be doing this same VBS in Ireland the end of this month!!

The Son-rise teen mission team and leadership will be flying out mid July. The Lord has much in store for all of us during our time while we are in Ireland the last two weeks of July. Please pray for us and all that God has for and through these teens.

Our new video and book series on "Lovers of the Desolate Jerusalem" can be found on the web-site, as well as this new bible- arts - drama camp entitled, "The Book of Revelation for Kids". We also continue to upload new worship songs with the chords and lyrics.

Out from the wounded side of the Lamb flows rivers of living water (Rev. 22:1). May we never cease to pour out the life of Jesus in whatsoever state we find ourselves. His love is unstoppable, His life always finds a way!

Your servant in Christ, Kelly
