

# FIRE MINISTRIES INTERNATIONAL

*JUNE 2019*

Living waters! But from whence comes such a flow? From my deeds for Him? From time spent improving? From hours of prayer and fasting and pleading? No! From my innermost being where He lives in me. It is not I ... NOT I, but HE! Where could I run and in what direction would I flee where I could not find Him in there working in me? It's silly, it's funny, and it makes my brain hurt, but rivers of Life are pushing out all the dirt. I'm kicking out Hagar and settling in Zion. I'm rejoicing in abundance. I'm breaking forth and crying! Oneness has replaced personal righteousness. Freedom has come through union with Christ the Seed Who is forever blest.

**Sonrise Team  
Preparing for  
Ireland  
Outreach!**

Precious friends in Christ,

The Spirit is 'a-movin' ! Glory to God. He is stirring and drawing, breathing and burning in us the fires of the living One who is IN US... Jesus the Lamb of God. From young to old, God is on the move to bring forth His Son in all of us. Fire Ministries is submitted to God to be a vehicle He can use to stir up and ignite hearts both young and old to know and pour out Jesus in His Crucified Nature. Because God is on the move, many of us involved in the ministry are poured out in His service, and joyfully so! Please, please be in prayer for all that is in the Lord's heart in this season and that which is to come. Please pray for the young adults' Ireland trip in July, as this trip is part of a greater vision for Christ in the next generation. Know that your financial support at this time is dearly appreciated to be able to continue to pour out Jesus in these ways, as well as helping me to continue to heal and be cared for in regards to my health.

I have just returned from a special time of family and ministry in Arizona. In a week I will be flying to Minnesota for my parents' 50th anniversary celebration! Six days after I get home from Minnesota I will be flying to Ireland to lead the Young Adults' Outreach and Pray and Get Away Retreat. In the midst of this I am aggressively doing some therapy for the lymes disease and other related conditions. Due to the heavy schedule coupled with therapy I am in weakness a lot, but I know that it is in weakness that His strength can be perfected... therefore I choose to glory in the Cross and not my own resources. What a blessing to know Him more!

May the Lord bless you, care for your needs, and continue to pour His Life through you to others!

You are in my heart and prayers! *Kelly*
