The Book of Revelation for Kids! Class Three

With all the ways I have already known Jesus... being His disciple... being His friend... having His Life in my heart... being an Apostle... The greatest adventure of my life is going to happen here on the Isle of Patmos where I am going to know Jesus in way I have never known Him before!

You all saw how I took my heart step and turned from heart away from pouting over me to God Himself. When I did that I began listening to the Holy Spirit. This was the first step of our journey on treasure Isle!!

Let us set our course and open our ears.

The Spirit is sharing, our first step is to HEAR!!

The Holy Spirit seemed to be very excited! He had a very special message for me and for all my brothers and sisters everywhere. I now know that the beginning of my adventure is hearing the Holy Spirit's special message! If we listen close we can find the first clues to finding the Treasure of knowing Jesus in a new way.

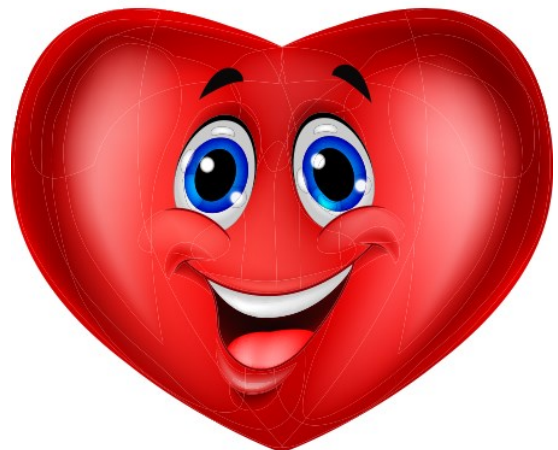

Before we listen to the new message from the Holy Spirit, let's review last weeks special message:

"And so I turned my heart away from my pouting to Jesus. When I had turned my heart around the Holy Spirit showed me something really incredible! I saw Jesus in an amazing way, and He was right here with us in our midst!" He told me to write letters to my brothers and sisters who were suffering like me, and to describe everything the Spirit was going to show me about Jesus and Who God really is".

(Revelation 1:12-20)

I turned my heart SO MUCH away from me to Jesus that I not only tried to HEAR what the Spirit was sharing, I tried to SEE what the Spirit was sharing (Revelation 1:12)!

Let's take a moment to think that! We can turn our hearts to HEAR what the Word of God is trying to tell us... but if we turn them ALL THE WAY to GOD and away from self, we can SEE Jesus in the Word!!!

So I turn turn turn all the way... all the way.

When I turned to listen AND see, I saw something so completely amazing.

The Lord was here, right in our midst, in glory and wonder,
with love and care!

He was down here with us in our pouting Patmos problems, but He saw our hearts were turning from pouting to be with Him. And so the Spirit gave me letters that came straight from Jesus' heart to us. I wrote them down, with all the clues about how to leave the earth to find the Treasure above.

*Now it is time to go on our first
treasure hunt!*

*Hidden in the big room are 7 scrolls.
These scrolls contain the letters to
the 7 churches that the Spirit gave to
John. Each child is to hunt until
they find one of the scrolls.*

*When you find a scroll you may open it
and begin to read the special message
from God's heart. In it there will be
clues on how to take the next
steps to find the Treasure.*
