

STEPS IN OUR JOURNEY IN DANIEL

JOURNALING NOTES:

1. Chapter One: We separate our hearts and beings unto God's purpose to bring forth His Son in us using the tools He chooses.
2. Chapter One: We choose daily to partake of our King's food:
The Word of God as Lamb - Broken Bread, Poured Out Wine
3. Chapter Two: We cultivate a humble heart as we seek for God to reveal His Son in us (reveal His dream) so that we might bear the right image (the Lamb as our nature).
4. Chapter Three: The Son's image is refined in us in our fiery trials. He is not "a revelation from God" but a slain Lamb in us unveiled in crisis as He sacrifices Himself in the flames. We find Him as our Life.
5. What is the difference between God revealing something to you and revealing Someone in you? How could your answer to this question affect the heart condition in which you take these steps?

HOMEWORK: Please comment on how each step is necessary to lay a foundation for the next step. In very practical ways describe how someone cannot advance/take the next step without first embracing the Lord in the step before it.

JOURNAL: Please journal step three and how you can cultivate a heart that "will not perish with the wise men of this world" (2:18) by seeking God to unveil His Son in us in a certain heart condition.
