

"You Broke My Heart"

G C - AM - G
I remember... those sweet spring days gone by.

G C - AM - G
Oh I remember.. the love that was in your eyes.

C G C G D
And you were like my first fruits, offering up your heart to me.

C-AM C - AM G
And it was wonderful, each and every hour ... you and me.

C - AM - D
And in a land not sown still we would sing

C - AM - D
And how you lay there in my shadow through everything.

C - AM - D G
In the famine and the trial you found hidden springs...

C D
lovers things... lovers things

C G
And I remember your love.

C G C AM D
Oh I remember your love. I remember your first love.

G C G
We lay there on the mountain top

C - AM
Your thoughts were like perfume..

C - AM - D
and your eyes they somehow knew my deepest needs

G C - AM - G
And we lay ... in the rest of my love... I was Your shade.

C G
And I would feed you there.

C G
The fruit was rare.

C - AM - D
Then you rose after them calling them my name

C G
You called them Baal and broke my heart...

C - AM G
I cried every morning ... you didn't hear

C - AM - D
Your left me and forgot the days I was near

G C G
And my kisses became a whisper on the wind.

G C G
And my love became a memory now grown dim.

C - AM - D
And I am now just a story from the past

C - AM - D
as your filled with things besides me I ask...

G C - AM - G
what have I done.. for you to leave me outside my front door?

G C - AM - G
What have I done for you to not want me anymore?

C G
But I remember your love.

C G C AM G
Oh I remember your love. I remember your first love.
